LETTER OF RECOMMENDATION

I am delighted to issue this recommendation in favor of Sahil Singh Chauhan UID 20BAG7193 for admission into the master's program at your renowned university. I observed his to be a diligent, intelligent & sincere person with high intellectual ability. He is an extremely conscientious student with a clear understanding of fundamentals & has unique ability to comprehend & grasp new ideas with consummate ease. He has a good ability to think & work independently with well-balanced & mature thinking.

He is an exceptional student as far as I am concerned. I have known his for the past four years as the student of my class. I have no doubt he would show himself to be a good achiever. I would lay special emphasis on his presentation skills and his variegated talents in other interdisciplinary courses, which he has demonstrated time and again during his classroom sessions and during Informal discussions.

I'm sure that given an opportunity he will be proving to be an asset to your University. Considering his overall academic excellence. Flair for research and his effective communication skills, I strongly recommend Kirandeep for further study at your University.

Wishing him a successful, bright and prosperous career ahead.
