After completing my senior secondary education in 2023, I began exploring higher education options while simultaneously immersing myself in my cousin's finance company. His business specializes in offering financial services at competitive interest rates and operates in a rapidly growing sector of the economy. During this time, I gained valuable insights into business management, including cash flow management, staff coordination, and operational oversight. This experience sparked my interest in business and helped me understand the practical challenges and strategies involved in running a successful company. However, my desire to deepen my understanding of the business world led me to pursue further academic education. I am excited to continue my studies and develop a well-rounded perspective on business, aiming to contribute meaningfully to the industry in the future.
