B.A (fine Arts) → MBA
(2023)

(Answer)

Being always interested in creativity, after completing my Bachelor's in Fine Arts in 2023, I focused on productively utilizing my artistic skills. I spent my time working on various creative projects, including clay molding, making sculptures, and offering home classes to local students interested in learning these techniques. This approach not only helped me improve my craft but also allowed me to interact with people who shared a passion for art. Through teaching, I gained a better understanding of the value of sharing creativity with others while managing the logistics of running a small art business. During this period, I realized that there's a gap in the market for accessible and personalized art education, as well as a need for artistic products and services. This sparked the idea of starting my own art studio business, where I could offer both art classes and sell unique, handmade sculptures and pottery. To turn this vision into reality, I decided to pursue an MBA, as I believe it will equip me with the business skills necessary to successfully manage and grow my own business.
