Congratulations, Jashanpreet!

On behalf of all of us at the University of New Haven, I am delighted to inform you that you have been accepted into our Regular Decision admission program for the **Spring 2023** term. You have been admitted as a Full Time student to the **Biochemistry** program.

We receive over 15,000 applications annually and admit qualified students who will benefit from and contribute to the enriching educational experience at the University of New Haven. Our academic programs, as well as campus and student life opportunities, will provide you with a variety of avenues for leadership and personal growth.

To begin the process of enrolling at the University of New Haven, please submit your [enrollment form](#) by **January 08, 2023**. You will also be required to submit an enrollment deposit after you receive your F-1 visa. The enrollment fee is \$300.

Congratulations on your achievements, and I look forward to welcoming you to campus.

Sincerely,

Dear Jashanpreet,

Congratulations on your acceptance to the University of New Haven! You have prepared yourself academically to meet the challenge of higher education and pursue a bachelor's degree. In turn, we are prepared to help you financially as you strive to achieve your goals.

Based upon your impressive credentials, the University of New Haven is delighted to offer you an annual **\$26,000 Presidential Scholarship**. This merit-based tuition scholarship will automatically be awarded to you should you choose to attend the University of New Haven for the Spring 2023 semester.

Merit awards are guaranteed for your first year and renewable each year provided you remain a full-time undergraduate student and maintain satisfactory progress towards a bachelor's degree. They are renewable for up to a maximum of ten semesters and are applied only to tuition. Please also note that merit scholarships are in addition to any traditional need-based financial aid awards you may be receiving in the future.

We at the University of New Haven are aware of the challenges associated with the price of higher education today. You have made the wise choice to invest in a college, one that will pay off during your lifetime. Higher than the national average, we are proud to share that 97% of our graduates from the Class of 2021 were employed, attending graduate school, or in military service within six months of graduating – which is only one important indicator of the return on that investment.

I congratulate you on your academic achievements and look forward to seeing you on campus!

Sincerely,
