Letter of Recommendation

It is certified that Ms. **Loveleen Kaur** D/o **Balkar Singh** Board Roll no. **2018149884** as a regular student of **10+2 Commerce** for the session-**2018** of this school. She has passed her **10+2 Commerce** conducted by Punjab School Education Board, Mohali in **March 2018** and secured **312/450** marks.

Loveleen Kaur is a well – mannered, dedicated and hard-working student who has interest in different fields. I have interacted with her during our teaching experience and have found her to be a competent and active student. She is keen to learn new aspects of the subject and master practical skills during her academic career. She had studied in a renowned English medium school and the medium of instructions during the school was English

Apart from academics, Miss Loveleen Kaur was interested in group activities related to co-curricular and extracurricular events. She was comfortable doing team work as well as her work individually with equal ease.

I am happy to recommend Miss Loveleen Kaur for admission to any higher studies and I am sure that she will show her best and will come out with flying colors. I wish her very bright academic carrier as well as a successful life ahead.
