UNDERGRADUATE APPLICANT'S FINANCIAL FORM

Name of Applicant Singh Akashdeep
(LAST NAME OR FAMILY NAME) (FIRST NAME)

MTSU Identification number (if known): M _____

Estimated tuition and registration fees are \$27,098 per academic year, assuming that a student takes only 12/9 credit hours per semester. This does not include housing and a meal plan. As housing and meal plan rates vary according to what you may chose, please refer to the MTSU website for current plans and prices at: www.mtsu.edu/tuition

The cost of international student insurance premiums vary and can range from an estimated \$679.85 per semester to \$1,631.64 per calendar year. MTSU has partnered with Lewermark, a company specializing in health insurance for international students. All MTSU international students not sponsored by their home government will automatically be enrolled in the MTSU international insurance plan.

In addition, the student should expect to spend approximately \$1,000.00 per year for textbooks and supplies. Added cost of insurance, housing, meals, travel, clothing, cosmetics and miscellaneous expenses are estimated at \$8,153 per year. The applicant, therefore, should have a total of at least \$36,500 for a full academic year.

The above estimated expenses are for two (2) full semesters of school. Though optional, summer session can be attended at extra cost. These expenses also are based on University housing and meal plan programs available to all students. Actual expenses may be higher or lower depending on each student's personal needs and preferences and are subject to change without notice.

*****ALL PRICES QUOTED ARE SUBJECT TO CHANGE WITHOUT NOTICE*****

It is the student's responsibility to have his/her financial situation in order before entering the University. You must pay for your tuition, room, meal plan, insurance and fees upon registration. The University does not have provisions to accommodate students arriving with insufficient funds. Students not complying are in jeopardy of invalidating their immigration status and can be subject to deportation.

To maintain legal non-immigrant status, undergraduate students must enroll for a minimum of 12/9 credit hours per semesters. Non-compliance with these regulations will jeopardize your immigration status and can lead to deportation.
