Letter of Recommendation

It is pleasure for me to write this letter of recommendation for **Sarpreet Kaur** who was my student in grade XII (Commerce). **Sarpreet Kaur** is a careful and creative thinker with an eye for detail and devotion to logic, which served her well. She had the terrific to draw on her own experience and observations to develop thoughtful opinions on a variety of issues. **Sarpreet Kaur** was also invaluable in small group interaction with her classmates. She was very generous with her time and energies.

Sarpreet Kaur is not only an excellent student but she was delightful as a person as well. I whole heartedly recommend **Sarpreet Kaur** as a prospective student. She will add great value to any incoming business school.

Sincerely

Ramandeep Singh
