Financial Verification Form for Academic Year 2025-2026

INSTRUCTIONS: Please read each section carefully to properly complete this international student Financial Verification Form. Incomplete information or missing supporting documents will delay the processing of your I-20. Submission of this form is required before an I-20 will be issued.

U.S. visa regulations require all F-1 visa holders to provide certified evidence of adequate funds to meet tuition and living expenses for a proposed program of study. A Marian University I-20 cannot be issued until an acceptable Financial Verification Form and official bank certifications or scholarship letters have been received.

Financial documents dated more than six months prior to the date of I-20 issuance cannot be accepted. New documents will be required if a student's affidavit and/or bank certification have expired.

Marian University bears no financial responsibility if the sponsor withdraws or does not provide funding.
