## **LETTER OF RECOMMENDATION**

I am gratified to introduce Ms. NANDITA NAIN who has been Ex-Student in B.Sc Nursing during the academic session 2020-24 during this time I had ample opportunity to estimate her theoretical and practical capabilities. I found her to be a sincere and hardworking student who is willing to put in a lot of effort and care into the task at hand.

As a Principal in **SARDAR KARTAR SINGH HAYER COLLEGE OF NURSING** during her graduation, I observed her growth into a poised and accomplished young student with superior communications skills.

Scaling all his abilities in a academics as well as extra-curricular I would rate her as a good student of the batch (2020-24). I am confident that she will prove her mettle and prove to be sublime graduate student. I therefore strongly recommend her and wish her the very best in all future endeavourer.

## LETTER OF RECOMMENDATION

I am writing to lend my support for Ms. NANDITA NAIN to attend your university to pursue her higher education. I strongly recommend that she be accepted in her desired course.

As the head of Community health nursing department in SKSH since 3 years, I have mentored many students in the subject. However, her commitment to the assigned task and curiosity to learn more about community health Nsg differentiate her from other students. Community was her major subject so on an average I used to have her in 5-6 classes per week. From my observation, she is a very fast learner and knows how to implement theory in field work.

Apart from her academic excellence, she is really good at making power point presentation and delivering lecture. Her communication skill are remarkably well and she is efficient enough to present her views on various topics. In 1st year she attend a national level workshop, on the topic solid waste Management, she was praised by the organizer as she presented some really good ideas concerning the problem with the fellow attendees. Her project reports and files are used as a reference sample for juniors, as the illustration. A glimpse of her work is enough to extract the highlighting features regarding topic.

Even during global pandemic, due to covid-19 classed were being conducted online soon became the new normal Nandita Nain attended all my classes very attentively and tried her level best to expand her knowledge all the assigned work was handed in before dealines. So such efforts done by a student prove that nothing can hinder their path to success and she can adapt to any situation.

Adding a Master's degree in her profile completed from your recognized university can bring her one step closer her dream job of becoming a Nurse and I truly believe that she will make everyone very proud and will emerge as a great Nurse in future.

From my personal experience her admission in your Institution is highly recommended. I wish my obedient student the best for her future and hope she get a positive response from your university as well. If you wish to verify any provided information about her contact me via the email address mentioned below.

## LETTER OF RECOMMENDATION

To the concerning officer,

Myself Ms. Baljinder Kaur and it is my pleasure to officer my recommendation of Ms. **NANDITA NAIN** to whom I have known as a really hardworking and punctual student during her graduation (Bachelor of Nursing).

- She is an excellent student and always preferred learning the process rather than cramming the results.
- Nandita Nain is really good in Nursing Practicals after completing her own work she used to help her classmates, highlighting her cooperative skills.
- She is a disciplined and well mannered child.

Hope she get a course and university of her choice because she has the potential to attain great success. For any information regarding her, feel free to contact me.
