

STATEMENT OF PURPOSE

I am **Abhishek Thakur** resident of Gurdaspur, India. I completed my Matriculation from Council for the Indian School Certificate Examinations in 2018 and then I did Ielts where I scored 6.0 overall bands in the year 2021. Later I completed my Senior Secondary Education from Punjab School Education Board in 2020. With a lot of curiosity and brain storming I have decided to pursue my studies from USA.

Felician university is one of the reputed universities it promotes self knowledge, services to others, love for learning. It provides best quality of education to their students and also they prepare students with practical and theoretical elements required in the job market today.

Computer Science program is ever-increasing and is in the demand for highly skilled professionals. In this course we study the design, development and analysis of software and hardware used to solve problems in a variety of business, scientific and social contexts. It also directly affects our daily aspect of lives and needed in almost every industry. This degree will help me to obtain advanced research skills and knowledge in the professional learning environment.

I choose **United States of America** because U.S universities welcome international students for pursuing higher education and offer a support system within the university which enables them to adjust their life comfortably. It also offers various ethnic, socioeconomic and educational back-ground. Besides, academic study and experience from a U.S. university has a very positive reputation in the international job market. The experience builds critical thinking skills, develops self-confidence and cross-cultural skills and all of these attributes are highly valued by employers worldwide.

After completing the degree from this University I am differently come back to my country because my family is there, they always support me in my every decision and now it's my duty to support them not only physically, mentally but financially also. My studies and experiences what I gain from your University I want to utilise for the growth of my country. A degree from your institution will make me stand at a higher, better and dignified level than other.

Abhishek Thakur
