

To whom it may concern:

**All students must report to campus on/before September 04<sup>th</sup>.**

This letter is written on behalf of this student who has been accepted to Gannon University in Erie, Pennsylvania, USA for the upcoming Fall 2023 semester. The reason for this letter deals specifically with the issue of the arrival date listed on the form I-20.

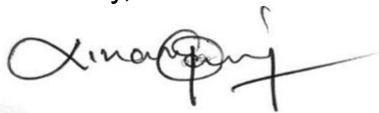

The form I-20 issued by Gannon University indicates that student needs to arrive to campus by August 23, 2023. In keeping with university policy, the student may arrive on campus up and **until September 04<sup>th</sup>, 2023**, to begin classes. I would ask that you grant this student admission into the United States despite the beginning date on student's form I-20 to begin their degree program at Gannon University. **Students will not be allowed to register if not reported to campus on/before September 04<sup>th</sup>.**

Please contact me by e-mail at [devineni@gannon.edu](mailto:devineni@gannon.edu) if you have further questions. We look forward to student arrival and academic contributions to Gannon University.

**Note:**

- Students cannot enter to the states after September 03rd, 2023**
- Student should provide Enrollment confirmation receipt, Flight to nearest city, Accommodation confirmation in/around campus to the University (or) Immigration before they travel to the USA.**

Sincerely,

**Kiran Devineni**
