I am very pleased to recommend Ms. SUNAINA for admission in master's program at your university/college. I have known SUNAINA for the past three years as a student of Bachelor of commerce. I have taught her subjects Insurance and risk management and Indirect taxation. I have got to know her and her qualities quite well.

During my acquaintance with her I observed her to be a very ambitious and hard -working student. She has always been excellent in academics whether it is the submission of assignments or performance in tests. Her sincerity towards education and a thirst to always keep learning new concepts have impressed me a lot. In addition to that She has a good grasping power and excellent calculating abilities.

She has completely evolved as a responsible and dependable individual who takes on additional responsibilities entrusted to her. The most stirring quality in her is her persistence which I think could take her a long way in her life. She has always been seeking guidance from me whether it is regarding the subject or the projects. Due to her interactive and soft spoken nature she has always been liked and supported by the faculty. She has always impressed everyone with her excellent communication skills and ways to tackle problems.

Being acquainted with her for three years, I feel that she has strong dedication to learn and gain further knowledge. So I strongly recommend that if given a chance she would definitely help in contributing towards the your esteemed university.
